• www.cbuff.edu.bd

Chattogram BGMEA University of Fashion and Technology (CBUFT) is a specialized private university of the Bangladesh Garment Manufacturers and Exporters Association (BGMEA). CBUFT has been established under the private university Act. 2010 having an aim to produce technically skilled human resources for the readymade garments, textile and allied sectors at home and abroad. Though CBUFT is a new private university, CBUFT which is an institute of BGMEA, has been creating competent graduates for the RMG sector since 2002. Having all experiences of the last twenty years in higher education, CBUFT is committed to making a flagship university in the future.

CBUFT is located at BGMEA Bhaban, South Khulshi, Chattogram occupying about 37,000 sft of floor space for digital classrooms, distinguished faculty members, well-equipped laboratories, enriched library, modern faculty rooms, auditorium, students' common room with sports facilities, students' cafeteria and office rooms. The laboratories of CBUFT include computer lab, CAD lab, sewing lab, physics lab, chemistry lab, textile testing lab, dyeing & printing lab, pattern lab, weaving & knitting lab, fashion design studio & product development, etc. All laboratories are prepared with sophisticated machineries. There are rich collection of books, national & international articles in the library of CBUFT. Students have the High-speed WiFi facilities. All classrooms, library, laboratories, faculty room office and auditorium are fully air-conditioned and classrooms are designed with overhead projectors, multimedia and other teaching aid materials.

Admission is  
going on

CBUFT is offering the following 4 year B.Sc. (Hons.) and Bachelor programs, which are designed as Bi-Semester i.e. January-June & July-December according to Private University act 2010
